

Mumps Update

August 29, 2016

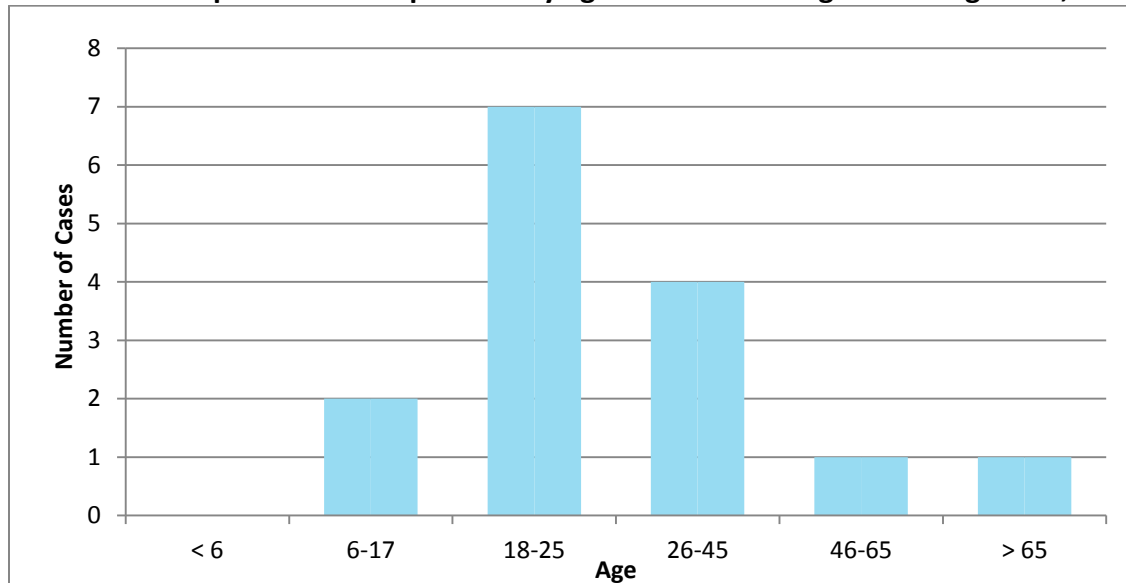

All data presented in this report are provisional and may change as additional reports are received

Number of Confirmed and Probable Mumps Cases in Iowa, August 1 – August 26, 2016

	Black Hawk	Story	Other counties	Total
Cases	7	4	4	15

Only confirmed and probable cases meeting the CSTE/CDC definitions are included in this report. Please note that data from previous reports was compiled using positive lab results instead of cases meeting CSTE/CDC case definitions. Case counts may vary.

Confirmed and probable mumps cases by age distribution August 1 – August 26, 2016

Confirmed and probable mumps cases by county of residence, August 1 – August 26, 2016

Student cases reported to IDPH may use either their parents address or their student address. After public health investigation, cases occurring during the school year are recorded as occurring at the student address.
